**Competition entry**

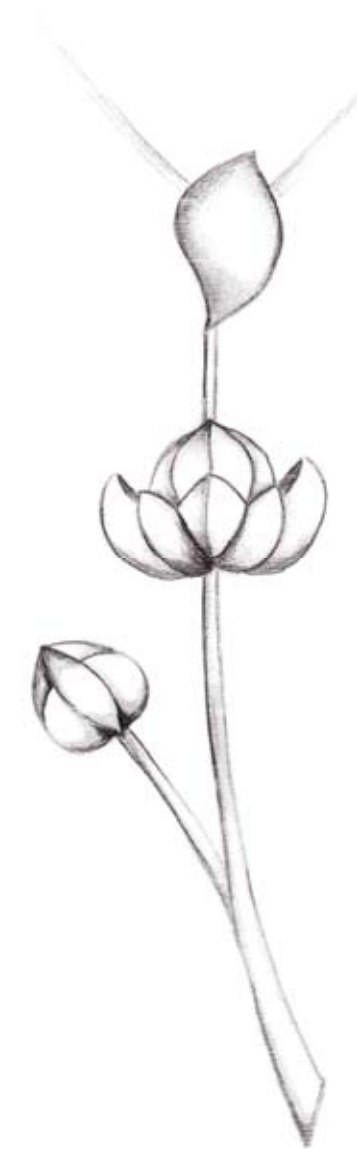

The pendant design entered into the competition is based on the lotus flower.  
This gracious and elegant flower symbolises purity, creation and rebirth.

*Rooting in mud, the lotus is able to rise up above the dirty water and yield a flower of such perfect beauty and purity.*

*Though there are other water plants that bloom above water, it is only the lotus, which owing to the strength of its stem regularly rises eight to twelve inches above the surface.*

We have chosen the lotus flower as for us it represent a new clean beginning rising out of the dirt, just as ethical gold rising from the past of 'dirty' gold.  
The pendant would be made in 18ct Yellow gold and would weigh approximately 6grams. Silver sample enclosed.

All designs remain the property of Oria Jewellery.
